

CLARKE®

TRUSTED SERVICE SUPPORT FOR CLARKE DIESEL ENGINES

Clarke diesel engines are the backbone of critical fire protection systems. You can depend on our engines to run smoothly and efficiently with the support of Clarke Master and Authorized Service Dealers.

Clarke's global dealer network delivers specialized service that keeps your diesel engine reliable and ready.

WHY CHOOSE A CLARKE SERVICE DEALER?

Clarke service dealers reduce downtime and support long-term fire protection reliability with robust solutions that include:

- Manufacturer-trained technicians
- Genuine Clarke replacement parts
- NFPA 20 & NFPA 25 compliance support
- Warranty-approved service and repairs
- Fast emergency response and diagnostics

OUR FULL SUITE OF SERVICES

Comprehensive Lifecycle Support

We provide **end-to-end lifecycle support** from commissioning to emergency repair.

Installation & Commissioning

Clarke service dealers support proper engine startup and system integration with:

- Complete startup service
- Performance verification and documentation
- NFPA 20 compliance support
- Coordination with pump and controller systems

Preventive Maintenance

Routine maintenance reduces unexpected failures and extends engine life with services that include:

Oil and filter changes

Cooling system inspections

Fuel system service

Battery and charging checks

Sensor and control verification

Inspection & Testing

Stay inspection-ready and compliant with:

- Weekly and monthly inspections
- Annual full-load testing
- Alarm and shutdown verification
- Detailed reporting for AHJs

Engines must perform flawlessly when needed. Reliable maintenance and testing ensure your engine performs when it matters most.

FAST DIAGNOSTICS. DEPENDABLE REPAIRS.

Clarke Master and Authorized Service Dealers quickly diagnose and resolve:

Starting failures

Overheating conditions

Fuel system issues

Electrical and control faults

Component wear or failure

Genuine Clarke Replacement Parts

Protect system reliability with factory-approved Clarke parts:

- Filters, belts and gaskets
- Injectors and sensors
- Cooling system components
- Fuel system components

We understand that engine maintenance can be daunting, so we've created user-friendly, compliant and effective maintenance kits:

- Clarke Annual Maintenance and 2nd-Year Supplemental Maintenance Kits are tailored to specific engine models.
- These maintenance kits provide complete compatibility and save time during service intervals.

Clarke Master Service Dealers maintain **regional aftermarket parts inventory** to support local dealers, end users and service partners.

Clarke 3 Year Warranty Option

Clarke engines are covered for two years from the date of commissioning (or 18 months from shipping, whichever comes first). Maintain your engine in accordance with NFPA 25 standards and you get a free third year of warranty at no extra charge.

SERVICE SUPPORT FOR CRITICAL APPLICATIONS

Clarke service dealers support fire protection systems across a wide range of industries, including:

Commercial high-rise buildings

Hospitals and healthcare facilities

Industrial and manufacturing plants

Data centers and mission-critical facilities

Warehousing and logistics centers

Clarke Service Dealers: Always Prepared With Knowledge & Capabilities

- Complete annual training requirements to stay current with industry standards.
- Provide expert field service, advanced diagnostics, and comprehensive repair support.
- Maintain specialized tooling required for precise technical maintenance.
- Perform both warranty and non-warranty repairs.
